RE: Noise Complaints

---

The Board of Directors has established the following policy for noise complaints:

- Residents may ask the lobby attendant to knock on the door of a unit they believe to be too noisy.
- The lobby attendant will ask the residents to respond (i.e., turn down their music, stop construction, etc.).
- Further complaints will be directed to the City of Ann Arbor Police for enforcement. This should be done by the resident issuing the complaint.
- The attendant does not have to determine if the unit is in compliance with the City's noise policy, but should simply ask the residents, or their contractors, to quiet down.
- A copy of the City's noise policy is attached for your information, and a few copies are also enclosed to give to interested building residents.
